

## OFL-15A Polishing Machine

This model also offers excellent production throughput capability with up to 24 ferrules polishing simultaneously. Extremely versatile, the OFL-15A can polish both connectors, ferrules and MT ferrules. It features a LCD touch panel for easy programming of various connector polishing processes which offers ease of operation. Additionally, it features an active polishing pressure control through its closed-loop load-cell sensor and stepping motor. This combination provides excellent polishing results while exceeding industry specifications for geometry performance.

Application	High volume production
Pressure Source	Stepping motor with load-cell sensor
Polishing Capacity (max.)	24
Programmable Process	5 (max.)
Number of Programs	15
Speed of Turnable	Revolution: 100 ~ 280 rpm
Dimensions	240 x 390 x 510 mm
Weight (approx.)	30 kg
Input Voltage	100/115/220/240 VAC, 50 - 60 Hz
Connector Type	Ø 2.5 mm PC, APC Ø 1.25 mm PC, APC MT, mini-MT, Fiber Array
