

D SCOPE

High quality digital benchtop Microscope

This unique microscope combines **high quality optics** with a modern and ergonomic design ideally suited to fiber optic applications.

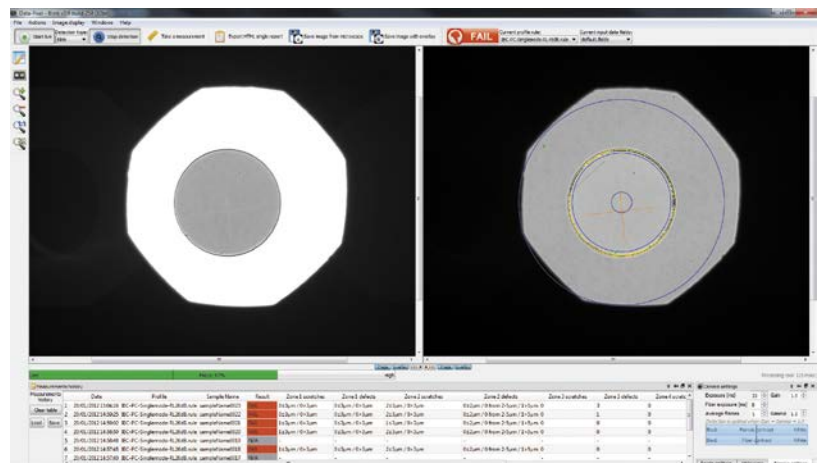

Until the D Scope, most microscopes were suffering from poor illumination quality yielding variable and non-reproducible image quality even amongst scopes of the same kind.

With Blink Automated Visual Inspection plugin, the D Scope is able to **detect and measure automatically scratches and defects** compatible with Industry Standards or customized parameters.

D Scope family is available with **magnification from x50 to x800**.

KEY FEATURES :

- True Koehler optical design for homogeneous lighting
- Real time detection and analysis of surface defects with Blink software
- Independent gain and contrast levels for fiber and ferrule regions
- Adaptors for all PC & APC, single or multi-fiber connectors
- High speed USB 2.0 for live digital image
- Deep blue long life LED light source
- Second stray-light source for surface cleanliness inspection (optional)
- Ergonomic fine focus control
- Automation capabilities
- USB powered - no external power supply needed
- Compatible with Desktop PC, laptop, tablet PC
