

LASER SAFETY WINDOWS - Technical specifications

**FILTER CODE: 708.003.XXX EK**

|                                             |                 |
|---------------------------------------------|-----------------|
| <b>Filter</b>                               | Full protection |
| <b>Colour</b>                               | Green           |
| <b>Material</b>                             | Acrylic         |
| <b>Thickness</b>                            | 3.2 mm          |
| <b>VLT</b>                                  | 55%             |
| <b>Aiming beam wavelength T%(λ) &gt;10%</b> | 465-700 nm      |

| Wavelength |      | OD | EN207        |
|------------|------|----|--------------|
| 190        | 315  | 6  | D LB6 IR LB3 |
| 315        | 440  | 6  | DIR LB6      |
| 750        | 1120 | 3  | DIR LB3      |
| 770        | 1100 | 4  | DIR LB4      |
| 785        | 1100 | 5  | DIR LB5      |
| 800        | 1090 | 6  | DIR LB6      |
| 816        | 1070 | 7  | D LB6 IR LB7 |
| 830        | 1065 | 8  | D LB6 IR LB8 |
| 10600      |      | 6  | DI LB3       |
